VERSE 1

I tried to fit You in now and then
When I needed You to help my case
But I was drowning in my sin
Nothing satisfied 'til You become

PRECHORUS

Everything I needed, my only Truth
I feel like flying since You set me loose
My future's brighter 'cause I can't lose
And Your love is everything

CHORUS

Now I stand tall
'Cause I know Your love, Your love
Your love is everything
I'm giving You my all
'Cause I know Your love, Your love
Your love is everything, everything

VERSE 2

So now I'll shine 'til the stars go out
You're the power that's alive in me
I'm gonna live Your love out loud
Like the day You gave Your life to be

BRIDGE

All of my purpose I found in You
Though I was dead You're making me brand new
Life is for living in Your love, where I belong
All of my purpose I found in You
Though I was dead You're making me brand new
Life is for living in Your love
I've been forgiven in Your love
Life is for living in Your love
